The image displays a collection of posters showcasing Tsinghua University's achievements in entrepreneurship education. The posters are arranged in a grid-like fashion, with each one highlighting a specific aspect of their educational programs.

- Top Row:** Several banners at the top feature the Tsinghua University logo and the text "清华大学创新创业教育成果展示" (Tsinghua University Entrepreneurship Education Achievement Display).
- Second Column (Left):** A poster titled "TSINGHUA-i.CENTER" describes the center's focus on developing multi-dimensional innovative entrepreneurship education practices. It includes a photo of students in a workshop setting.
- Third Column (Middle-Left):** A poster titled "清华创+——高校、地方政府和投资机构共同参与的创新创业教育新模式" (Tsinghua Create+ - A new model of entrepreneurship education jointly participated by universities, local governments, and investment institutions). It features a circular diagram showing the relationship between "University," "Student Entrepreneur," "Government," and "Industry." Below this, it lists partner locations like Beijing, Tianjin, Shanghai, Nanjing, Wuhan, and Chengdu, along with partner investment institutions like Tencent, Alibaba, and JD.com.
- Fifth Column (Middle-Right):** A poster titled "清华大学生新光源团队" (Tsinghua University Student New Light Source Team) shows a group photo of the team members standing in front of a building.
- Sixth Column (Far Right):** A poster titled "THU HAKER 创客之星" (THU HAKER Creator Star) features a glowing blue figure made of light, symbolizing innovation and technology.
- Bottom Section:** This area contains multiple smaller posters detailing various initiatives:
  - "创业迭代全过程" (The whole process of iterative entrepreneurship)
  - "以赛促学，以学促创" (Promoting learning through competition, promoting creation through learning)
  - "清华创+·日新化道——开放创新的优秀创业项目" (Tsinghua Create+ · Rixin Huadao - Excellent open and innovative project items), which includes icons representing different types of projects like social enterprise, environmental protection, and cultural heritage.
  - "产教融合，优势互补" (Integration of industry and education, complementary advantages)
  - "学术交流，优势互补" (Academic exchange, complementary advantages)
  - "自主管理，多元发展" (Self-management, diversified development)

谢谢！
